Back by popular demand! After a successful first-year Susquehanna Township Food Truck Festival, we are looking forward to building on last year's well-attended event. Three food trucks sold out. More information to follow as event planning develops. Mark your calendars for October 2.

Look for upcoming information on SUMMER BASH (July) and PINK OUT (October). As soon as we know what the impact of COVID-19 is on each of them we will spread the word. We are hopefully optimistic that we will be able to hold each one of them this year.

I hope that you, your family, and your friends are doing well as we manage our lives through the Covid19 pandemic. The challenges have been great but we will come out on the other side stronger together.

Although we were unable to see each other in person during our typical calendar, we were able to hold a few activities, the Red-N-White BBQ in May and with our HANNA Foundation partner the Susquehanna Township Food Truck Festival in October. And the Vietnam Memorial was completed!

While looking forward to a better 2021, we are planning several events which you will find highlighted throughout the newsletter. In addition to our event planning, we have contracted with Triangle Press Design Services to create our marketing materials for our field house campaign this year. More news to follow!

The Board of Directors and I are looking forward to seeing you soon.

Be Well. Stay Well.

I've always been interested in art – studying fashion and drawing in high school. I enjoy it all, but it was when I was given a camera that my interest really changed. I applied and was accepted in Maine College of Art's Summer Pre-College program, which is a three-week intensive studio experience that allowed me to explore photography in a way I never could do in Harrisburg. As a shy person, it is hard for me to share my feelings, but I knew in my heart that this experience would change my life. I come alive behind a camera. The \$1,500 the alumni association awarded me to attend MECCA was life-changing. - *Jahbree Kershaw*

I am sincerely honored to have been selected as the recipient of one of the STHS Alumni Scholarships and grateful for the opportunities it will provide me. Without a doubt, this scholarship will play a key role in achieving my educational dreams. The financial burden placed on me to pursue my education will be reduced. Thank you for your continued support! - *Lexi Weikert*

Mini Grants fund and supplement innovation and technology in our schools. More than \$15,000 in the past two years have been awarded for drone technology for GIS mapping in forensic science classes, murals at the middle school, incentives to bolster positive behavior at every grade level, innovative classroom learning tools, flexible seating for special education classrooms, and iPads in classroom centers.
