A Message from Your Alumni President

WELCOME NEW MEMBERS

Dear Alumni and Friends,

On May 3, the School Board announced the retirement of the current school logo and mascot. This topic stirs passion on all sides. The alumni association will avail ourselves to the proposed committee tasked with laying out a process to identify the new logo and mascot.

While the school district rebranding work begins, we have a slate of 2021 events and activities on our calendar.

First up is the May 22 SpringFest featuring food trucks, crafters, vendors, potted flowers, and music by D-Bo aka Delonne Wilbourn, Class of 2001. There will be a special display in the alumni association area. Stop in and hear the news first-hand!

Susquehanna Invitational, our annual golf tournament with partner HANNA Foundation, follows on June 18, then Summer Bash #13 on July 17. And don't forget to mark your calendars for our 2nd Annual Susquehanna Township Food Truck Festival on Oct 2.

As always, thank you to our Board and our Volunteers!

Be Well. Stay Well.

your support at work

I've always been interested in art – studying fashion and drawing in high school. I enjoy it all, but it was when I was given a camera that my interest really changed. I applied and was accepted in Maine College of Art's Summer Pre-College program, which is a three-week intensive studio experience that allowed me to explore photography in a way I never could do in Harrisburg. As a shy person, it is hard for me to share my feelings, but I knew in my heart that this experience would change my life. I come alive behind a camera. The \$1,500 the alumni association awarded me to attend MECCA was life-changing. - *Jahbree Kershaw*

I am sincerely honored to have been selected as the recipient of one of the STHS Alumni Scholarships and grateful for the opportunities it will provide me. Without a doubt, this scholarship will play a key role in achieving my educational dreams. The financial burden placed on me to pursue my education will be reduced. Thank you for your continued support! - *Lexi Weikert*

Mini Grants fund and supplement innovation and technology in our schools. More than \$15,000 in the past two years have been awarded for drone technology for GIS mapping in forensic science classes, murals at the middle school, incentives to bolster positive behavior at every grade level, innovative classroom learning tools, flexible seating for special education classrooms, and iPads in classroom centers.
